#### Harvard Wins First Game.

(By Associated Press.)

CAMBRIDGE, MASS., Oct. 12.—Harvard easily won her first important game this afternoon, defeating Columbia 18 to & Columbia's weakness lay in her guards and tackle, but her back field was equal to Harvard's. Harvard made most of her gains by end runs, in which the interference was very effective.

#### STREET RAILWAY NEWS.

#### Both Companies Before Justice Crutchfield on Tuesday. An interesting case, or couple of cases,

in connection with the operation of the two local street railways will come up on Tuesday morning next in the Police Court. The Passenger and Power Company and the Traction Company each and both, complain that the other operates upon the tracks used jointly in a fashion net in conformity with the ordinances on the subject and the terms of the arbitration agreed upon.

The especial ground of contention is the interpretation of what the term "right of is to mean at points where one line joins the tracks of another-notably at Ninth and Broad and Laurel and Broad, one party maintains that the term right of way is to be interpreted alternately. other interpretation is that all the cars at a given junction point of the "right of way" line are to pass before any car from the other passes.

The whole subject will come before Justice Crutchfield on Tuesday next. Mr. Pollard, the City Attorney, states that he has never given his interpretation of what "right of way" is to be construed as meaning.

The Passenger and Power Company has filed with the City Clerk a communication asking that permission be granted it for the operation of its Manchester Hull-Street line over the Free Bridge to Seventh and Broad Streets, instead of over Mayo's Bridge to Fourteenth and Main Fireets, as heretofore, because of the alleged condition of the latter structure which the company's engineers report to be unsafe for the cars of the company.

#### The City Hall Clock.

During the Carnival the fact that the cleck in the City Hall tower has not been running has been many times commented upon. For the benefit of the thousands of visitors to the city during the week it should be stated that this is the first rest which the clock has taken in ten years, with one exception of a few minutes when it was wound up too tight. The clock is being thoroughly cleaned, over-hauled and repaired by the Nowlan Company, who installed it ten years ago at a cost of \$3,000 to the city.

#### Apples and Chestnuts. (Special Dispatch to The Times.)

AFTON, VA. Oct. 12 .- Although the ap ple crop has been of a poorer quality than usual, there has been the largest shipment from Afton ever known. The first grade fruit is being shipped abroad. the culls and spoiled fruit being sent to the canning evaporating factories. The shipment of chestinuts will be less than usual, the crop having been injured by the continued rains auring the sum-mer.

#### West-End Gun Club Shoot.

The final shoot for the last of the three \$100 guns offered by the West-End Gun Club took place at Blandon Park yesterday evening. The contest was a close and interesting one, Mr. J. A. Purdle won by a score of eighty-eight out of one hundred, the last twenty-eight of which

he ran straight.

The sliver tea set, donated by T. W. Tignor's Sons, will be centested for at a shoot to be held at Blandon Park on Saturday afternoon next.

This property is well and conveniently located for a home, or will make a good investment. TUESDAY OCTOBER 15. 1901.
at 5 o'clock P. M., that most eligibly located LOT on the south side of Grove Avenue between Beech and Morris Streets on which there is a medium Frame Dwelling in good repair. The LOT FRONTS 4 FEET BY 190 Feet TO AN ALLEY. Too much cannot be said about the location of this property. Its altitude makes it delightful during the warm months, and adjacent to the beautiful Howizer Monument Park. The neighborhood is unexcelled and it is very convenient to the car lines, yet far enough removed to avoid the noise and dust. The size is very attractive for a handsome residence or the erection of flats, which would have ample light and every condition to make them pay handsomely on the investment. I therefore commend it to home-seekers and investors alike.
